**Re: PRICE ADVISORY – STAINLESS STEEL, BRASS, A-106 SEAMLESS**

To: Our Valued Customers,

As you all know these are uncertain times, which, among other things, has severely impacted economic conditions. As a result, we are faced with continuing escalating costs on raw material, freight and labor; as well as severe shortages of raw materials and finished goods.

As such, effective immediately, all orders for Stainless Steel, Brass and A-106 Seamless products will be reviewed and the pricing may be adjusted accordingly. Pricing on all current orders will be honored, however all future orders may be subject to higher pricing based on the current market conditions. In addition, quotes will only be honored until the end of that business day.

We thank you for your patience and understanding during these unusual times and appreciate your continued support.

Sincerely;

Steven P. Abrams  
VP of Sales
